

Accompany (v.)

Given that a healthy economy makes it easier for people to support themselves and that overly focusing on building a robust economy leads to a substantial loss of local culture, I strongly believe that any dynamic economic development is a double-edged sword inherently **accompanied** by both positive and negative consequences.

Conviction (n.)

Having discussed that a city's prosperity is translated into elevated living standards for the majority of the population and that rapid economic progression is detrimental to cultural preservation, it is my **conviction** that a sound economy is, and will remain, a necessary evil that has to exist despite the side effects it brings.

Craving (n.)

As a result, it comes as no surprise for people to repulse the craving for rampant economic success, as it is inextricably tied up with cultural loss.

Credit (n.)

Therefore, as narrowing the gap between the haves and the have-nots promote social harmony, fast economic growth should be given **credit** for sustainably creating employment opportunities for society.

Elevated (adj.)

Having discussed that a city's prosperity is translated into **elevated** living standards for the majority of the population and that rapid economic progression is detrimental to cultural preservation, it is my conviction that a sound economy is, and will remain, a necessary evil that has to exist despite the side effects it brings.

Extinction (n.)

While many consider that economic development enables the poor to gain access to affordable goods and services, others maintain that old traditions are destined for **extinction** as a result of the increasing levels of wealth in a society.

Flourishing (adj.)

With rapid economic growth leading to dramatic changes in people's outlook on life, whether or not a **flourishing** economy causes harm to society has triggered a lively debate.

Heritage (n.)

While we enjoy being the beneficiary of economic success, I suggest we make every endeavour to preserve and safeguard our culture and **heritage** to avoid a loss in personal and collective identity.

Outdated (adj.)

Coupled with improved social stability is, however, a loss of local culture as well as **outdated** traditions.

One-stop (adj.)

[REDACTED]

For example, instead of going to wet markets, citizens prefer visiting supermarket chains that provide **one-stop** purchase services.
