Stimulating (exciting)

What do you like to do in your spare time?

Well, I have lots of hobbies I like to do in my spare time. I'm very interested in studying English and I'm also quite into movies-sometimes I combine these two interests by watching British or American films. What I particularly enjoy doing, though, is playing football-it's so exciting!

I work really hard during the day so in the evening I like to relax and unwind. I'm a big fan of hip-hop and rock music, and I like hanging out with friends and watching gigs. I'm also keen on reading novels. I'm involved in a reading group at my school and every so often we get together and discuss the latest books we've read over dinner-it's so stimulating to talk and hear different views about the books we've all read.

Practice:

1. What do you enjoy doing in your free time?
2. What free time activities do you do at different times of year?
