Work 工作

🔊 **Do you prefer to work in a silent environment or in a place with some noise?**

I personally prefer to work in a silent environment because I can focus better on what I'm doing. If there is too much **distraction** (使人分心的事物), it might take me a very long time to finish my work.

🔊 **What do you do if there's too much noise?**

If there is too much noise, I might choose to put on my headphones and listen to music on my iPhone. If it is really noisy, such as from drilling due to **renovation** (裝修), I might just go to another place to work.

🔊 **Did you like your first day at work?**

I was very nervous on my first day at work because it was a completely new environment. However, after I became friends with some of the other teachers, it became much less **intimidating** (嚇人的) and I was more well-adjusted my new surroundings.

Home 家居

🔊 **Do you live in a house or apartment?**

Almost everyone in Hong Kong lives in a flat, and living in a house is nearly unheard of. This is due to the **limited land supply** (有限
